**NATIONAL OFFICE MEMORANDUM
NO-21-2011**

DATE	May 25, 2011
TO	National Board of Directors and Branch Contacts
RE	NJC Cyclical Review - Travel Directive

Sisters and Brothers,

The cyclical review of the National Joint Council Travel Directive will begin in the fall of 2011. The Travel Directive can be found on the NJC website, the link is as follows www.njc-cnm.gc.ca/directive/travel-voyage/index-eng.php.

The PSAC has informed us we have until August 31, 2011 to provide them with any proposed improvements we may have to the aforementioned Directive.

I would therefore ask Branches to forward any proposed changes electronically (on the input call form provided) they may have to the National Office no later than the end of business day **Wednesday, August 17, 2011** so we may have our package ready to be sent to the PSAC representative on the NJC Travel Committee. Our proposals will then be consolidated with the proposals from the other Unions within the National Joint Council.

Please forward these demands to the attention of Sister Jacqueline Rioux.

In Solidarity,

Ron Moran
National President
