RE	PSAC Publication – <i>Retiring from the Public Service of Canada</i>		

Brothers and Sisters,

Please find enclosed copies of the PSAC publication *'Retiring from the Public Service of Canada – Some Useful Tips'*.

The booklet assembles a wealth of important information for members who are in the twilight of their careers and is extremely well put together.

All CIU Representatives are encouraged to make the booklet available to those who have reached this stage of their career. Accordingly, Branches should always have sufficient stock of the publication on hand. If you require additional copies, please contact Brother Jim MacLean at the CIU National Office.

In solidarity,

Jean-Pierre Fortin
National President
